Pleas	se check the appropriate answer for each applicable question.		_		_					
1.	Is this request for Omnipod GO?	Y		N						
2.	Does the patient have a diagnosis of type 2 diabetes mellitus?	Y		N						
3.	Does the patient require bolus or mealtime insulin?	Y		N						
4.	Has the patient completed a comprehensive diabetes education program?	Υ		N						
5.	Does the patient have documented frequency of glucose self-testing at least once daily OR has the patient been using a continuous glucose monitor (CGM)?	Y		N						
6.	Does the patient have a hypersensitivity to an ingredient in ALL available basal insulin (e.g., long-acting insulin, intermediate-acting insulin)?	Y		N						
7.	Does the patient require MORE than the plan allowance of 10 pods (2 kits) per month?	Υ		N						
8.	Is the patient currently established on therapy with an insulin pump?	Υ		N						
9.	Does the patient have documented frequency of glucose self-testing an average of at least 4 times per day OR is the patient using a continuous glucose monitor (CGM)?	Y		N						
10.	Has the patient been managing their diabetes with multiple daily insulin injections (i.e., at least 3 injections per day) with frequent self-adjustments of the insulin dose?	Y		N						
11.	Has the patient completed a comprehensive diabetes education program?	Υ		N						
12.	Does the patient have documented frequency of glucose self-testing an average of at least 4 times per day for the past two months OR has the patient been using a continuous glucose monitor (CGM) for the past two months?	Y		N						

14. Is this request for an Omnipod product (e.g., Omnipod DASH or Omnipod 5)? 15. Does the patient require more than 200 units of insulin within a 72-hour period? 16. Does the patient require a starter kit? 17. Has the patient received a starter kit within the past five years? 18. Does the patient require MORE than the plan allowance of 10 pods per month? 19. Does the patient require MORE than the plan allowance of 10 pods per month? 20. Does the patient require a starter kit? 21. Has the patient received a starter kit within the past five years? 22. Does the patient require MORE than the plan allowance of 15 pods per month? 23. Does the patient require MORE than the plan allowance of 15 pods per month? 24. Does the patient require MORE than the plan allowance of 30 V-GO pumps per month? Y N	13.	Has the patient experienced an elevated glycosylated hemoglobin level (e.g., HbA1c greater than 7 percent) while on multiple daily injections of insulin (i.e., at least 3 injections per day) for at least 6 months or has the patient experienced ANY of the following while on multiple daily injections of insulin (i.e., at least 3 injections per day) for at least 3 months: A) history of recurrent hypoglycemia (e.g., blood glucose levels less than 70 mg/dL), B) wide fluctuations in blood glucose before mealtime, C) "dawn" phenomenon with fasting blood sugars frequently exceeding 200 mg/dL, D) history of severe glycemic excursions?	Y	N	
16. Does the patient require a starter kit? 17. Has the patient received a starter kit within the past five years? 18. Does the patient require MORE than the plan allowance of 10 pods per month? 19. Does the patient require MORE than the plan allowance of 10 pods per month? 20. Does the patient require a starter kit? 21. Has the patient received a starter kit within the past five years? 22. Does the patient require MORE than the plan allowance of 15 pods per month? 23. Does the patient require MORE than the plan allowance of 15 pods per month? Y N D N D N D N D N D N D N D N	14.	Is this request for an Omnipod product (e.g., Omnipod DASH or Omnipod 5)?	Υ	N	
17. Has the patient received a starter kit within the past five years? 18. Does the patient require MORE than the plan allowance of 10 pods per month? 19. Does the patient require MORE than the plan allowance of 10 pods per month? 20. Does the patient require a starter kit? 21. Has the patient received a starter kit within the past five years? 22.
