

# Specialty Guideline Management Pulmozyme

# **Products Referenced by this Document**

Drugs that are listed in the following table include both brand and generic and all dosage forms and strengths unless otherwise stated. Over-the-counter (OTC) products are not included unless otherwise stated.

Brand Name	Generic Name
Pulmozyme	dornase alfa

# Indications

The indications below including FDA-approved indications and compendial uses are considered a covered benefit provided that all the approval criteria are met and the member has no exclusions to the prescribed therapy.

#### FDA-approved Indication<sup>1</sup>

Pulmozyme is indicated, in conjunction with standard therapies, for the management of pediatric and adult patients with cystic fibrosis (CF) patients to improve pulmonary function.

In CF patients with an FVC  $\geq$  40% of predicted, daily administration of Pulmozyme has also been shown to reduce the risk of respiratory tract infections requiring parenteral antibiotics.

All other indications are considered experimental/investigational and are not medically necessary.

# **Coverage Criteria**

### Cystic Fibrosis<sup>1-3</sup>

Authorization of 12 months may be granted for treatment of cystic fibrosis when Pulmozyme will be used
