

# Initial Step Therapy; Post Step Therapy Prior Authorization Insomnia Agents Generic Step Therapy Plans (GSTP)

#### **Products Referenced by this Document**

Brand Name
Belsomra
Dayvigo
Edluar
Quviviq

## **Initial Step Therapy**

If the patient has filled a prescription for at least a 30 day supply of at least one generic nonbenzodiazepine hypnotic drug within the past 730 days under a prescription benefit administered by CVS Caremark, then the requested branded drug will be paid under that prescription benefit. If the patient does not meet the initial step therapy criteria, then the claim will reject with a message indicating that a prior authorization (PA) is required. The prior authorization criteria would then be applied to requests submitted for evaluation to the PA unit.

## **Coverage Criteria**

Authorization may be granted for the requested drug when ONE of the following criteria are met:

• The patient has experienced an inadequate treatment response after at least a 30 day trial of at least ONE generic non-benzodiazepine hypnotic drug.
